نبذة

At YINGCHOI, our original prints are brought to life through a full-cycle R&D ecosystem—from creative design to industrial production.

In-House R&D Team

Our dedicated team includes:

Designers: Crafting unique prints by fusing cultural motifs with contemporary aesthetics.

Pattern Makers: Translating designs into precise patterns with ergonomic precision.

Sample Ateliers: Handcrafting prototypes to ensure design concepts translate perfectly to wearable pieces.

Own Manufacturing Facility

With our modern factory, we:

Launch 100+ new designs annually, staying ahead of trends while maintaining creative vitality.

Offer end-to-end solutions for designer brands:

- R&D support: Custom prints, fabric selection, and technical advice.
- Flexible production: Digital lines for both high-end custom tailoring and cost-effective wholesale orders at scale.
- Sample adaptability: Prototypes can be fine-tuned to meet specific design requirements.

Production Capabilities

Whether crafting exclusive high-end custom garments or executing large-volume wholesale orders with optimal cost efficiency, our facility ensures:

- Seamless transition from sample adjustments to mass production.
- Integration of artisanal techniques like hand-sewn beadwork and embroidery across all order scales.

YINGCHOI bridges creative innovation with industrial capability, empowering designer brands to bring visions to life—from exclusive couture to wholesale collections—with full sample customization support.

Dongguan Yiran Clothing Co., Ltd. was established in 2010. It is a professional women's clothing manufacturer integrating professional design, pattern making, and production. We adhere to the concept of reasonable price, integrity and trustworthiness. We mainly undertake various clothing OEM and ODM for domestic and foreign customers. Our advantage is that we are adaptable and flexible. Our Women's apparel encompasses a wide range of products, including dresses, tops, skirts, trousers, and outerwear, crafted from various materials like cotton, silk, synthetics, and sustainable fabrics. We are also experts in pleating and placement printings techniques. Most importantly, we have layers of checks on high-quality production process. Our cooperative customers come from many countries and regions in Asia, America and Europe. The annual output can reach to 500 thousand pieces. Last but not least, we can also produce garment that specialized in high quality with an eco-friendly and sustainable philosophy by using renewable textile materials to achieve zero waste wherever possible.

East Rock LLC, a proud member of the Arshad Group (established in 1954), is one of the UAE's most trusted names in uniform and workwear fabric supply. With decades of textile expertise, we specialize in premium-quality fabrics and complete uniform solutions for every industry — including corporate offices, hospitality and hotels, hospitals and healthcare, schools and educational institutions, construction and industrial sectors, security services, retail and supermarkets, aviation and logistics, and salons & spas.

Our diverse product portfolio covers an extensive range of uniform and home-textile fabrics, such as poly-cotton twill, pearl twill, diamond twill, mechanical twill, chino twill, gabardine, oxford, PV suiting, viscose blends, poplin, percale, and shirting fabrics. We also provide eco-friendly and recycled blends, stretch fabrics, and cool-comfort performance textiles engineered for durability, breathability, and easy maintenance.

At East Rock, we focus on delivering fabrics that combine style, comfort, and functionality, ensuring the right texture, GSM, and finish for every purpose — from coveralls, cargo trousers, chef coats, and medical scrubs to corporate shirts, hospitality aprons, and promotional wear.

With strong sourcing partnerships across Pakistan, India, China, and Europe, and a dedicated team based in Ajman, UAE, East Rock LLC continues to set benchmarks for quality, reliability, and customer satisfaction, proudly supporting the region's growing demand for professional uniform and home-textile solutions.

Foshan Bond Barton Garment Co., Ltd., a subsidiary of Foshan Nanhai Yimian Dyeing and Weaving Co., Ltd., is a high-tech enterprise specializing in the research, development, and production of innovative denim products. Leveraging over 20 years of industry experience, we have successfully transformed into a green digital manufacturing enterprise and hold multiple patents for environmentally friendly dyeing processes. Our core "original" denim technology eliminates the need for traditional pre-washing, significantly conserving water resources (e.g., annual production of 2 million pairs of jeans saves 80,000 tons of water), reducing production costs, and shortening lead times.

Our product line includes patented multi-color denim fabrics, eco-friendly denim apparel, and fashionable denim bags, all of which are customizable in composition and design. The company has repeatedly won the "First Prize for Excellent Fabrics in China's Printing and Dyeing Industry" and the "Excellence Award for China's Popular Fabrics," recognized for its unique style, visual impact, and environmentally friendly properties. We are committed to providing luxurious, fashionable, and environmentally friendly denim solutions to the global market.

1. Timeless Washes. Prints Reimagined.

True fashion is a contest of details. Our collection begins with high-quality washing techniques that give each garment its vintage foundation. Upon this textured canvas, unique printing methods bring designs to life, making every printed T-shirt not just clothing, but a piece with its own character. It's where wash and print collide, creating something truly distinctive.

2. Effortless Style. Beyond Trends.

Classic, clean designs define our shirts. Real style doesn't chase trends—it comes from confidence and simplicity. A well-cut shirt speaks volumes with understated elegance. Less is more, and the man in a sharp shirt understands this best.

3. Premium Denim: The Art of Time.

In premium jeans, washing is the soul. Using water as our brush and stones as our tools, every whisker and fade is carefully crafted. This accelerated aging process transforms denim, building a narrative of wear and unique character. For those who know denim, it's all in the wash—where legacy meets new style.

REATECHS is a professional manufacturer of workwear, rainwear, and high-visibility safety clothing with over 16 years of experience in the garment industry. Our factory is located in China and equipped with modern production lines, allowing us to supply large-volume orders while maintaining strict quality standards. We have worked with many international brands and understand the specific needs of the oil & gas, construction, and industrial sectors, which are essential to the Saudi Arabian market. Our main product range includes flame-resistant coveralls, durable work jackets and trousers, reflective safety vests and jackets, waterproof rain suits, and softshell outerwear designed for both comfort and protection. What makes us stand out is our ability to provide competitive prices, reliable delivery times, and customized solutions. From fabrics and trims to labeling and packaging, we can tailor products to meet your company's requirements. We strictly follow international standards such as EN ISO 20471 for high-visibility clothing and ensure that every garment is made to withstand tough working conditions. We are committed to building long-term partnerships with distributors, importers, and brand owners in Saudi Arabia and the wider Middle East. Our mission is to provide high-quality, functional, and cost-effective protective clothing that enhances worker safety and performance.

Guangzhou Jinwei Garment Co., Ltd. Founded in 2010, Guangzhou Jinwei Garment Co., Ltd. is a professional enterprise focusing on women's clothing foreign trade. For over a decade, it has deeply engaged in the global women's clothing market, centered on "quality delivery + precise innovation", offering overseas clients full-chain services from product development to production.

We have dual-track capabilities of "OEM processing + independent R&D" to meet diverse needs:

- OEM Processing: Undertake customized orders, with standardized processes from fabric procurement, pattern sampling to mass production and quality inspection, strictly matching brands' design and quality standards for efficient delivery.

- Independent R&D: A professional team tracks global trends (colors, fabrics, tailoring), develops styles based on target markets' habits, and provides style selection/modification to help brands respond quickly.

Our main products cover suits, dresses, separate skirts and Middle Eastern abayas, fitting diverse scenarios and regional demands. Clients are mainly from the Middle East (Iraq, Dubai, Libya, Jordan, Palestine) and Southeast Asia (Malaysia). With stable quality, flexible cooperation and efficient after-sales, we've built long-term partnerships and earned good reputation.

As an integrated enterprise covering R&D, design, manufacturing, and sales, we specialize in faux silk homewear. Our in-house design team has developed over 3,000 styles and 5,000 patented prints, with sales and design offices based in Hangzhou. Products reach global e-commerce platforms (Amazon, Temu, Wildberries, Alibaba) and offline supermarkets across EU, Middle Eastern, and Southeast Asian markets. We also collaborate in the production of silk-like homewear products with multiple globally renowned brands such as La MerL'Oréal, and Omsa, along with several independent brands specializing in the kimono robe category.

HAVING: Leading Fashion Lingerie Manufacturer

Founded in Shantou City, Guangdong Province, China, HAVING is a prominent fashion lingerie manufacturer with \$30 million USD in annual sales and products distributed through over 3,000 stores. Guided by our ""body-before-fabric"" philosophy, we prioritize comfort, aesthetics, and quality equally in every product.

We specialize in made-to-order intimate apparel, offering extensive lines of women's products, including bras, panties, **period panties**, shapewear, swimwear, and activewear. Our specialized techniques deliver not only traditional sewn products but also seamless knitting underwear and bonded underwear to meet diverse client needs. With an annual production capacity of 20 million pieces, our vertically integrated operation features:

- * Advanced equipment
- * Professional merchandising and production teams
- * A dedicated in-house development department

HAVING is committed to excellence, utilizing high-quality materials and exquisite craftsmanship to ensure each product meets the highest standards. We meticulously focus on design details and wearing comfort, ensuring wearers feel completely at ease. By seamlessly blending fashion-forward design with practical functionality, we deliver lingerie that is both beautiful and exceptionally wearable. We empower confidence through superior comfort and style.

AM: where heritage meets modern refinement. Born from the rich soil of Egypt and crafted for the conscious gentleman, KHAM redefines men's underwear through the lens of sustainable luxury.

Our underwear is made from Organic Egyptian cotton, globally renowned for its unparalleled softness, strength, and breathability. Cultivated without harmful chemicals and hand-picked for purity, KHAM cotton respects both your skin and the environment. Every thread is a tribute to slow fashion, mindful choices, and the art of feeling truly comfortable — inside and out.

KHAM isn't just about underwear. It's about elevating everyday essentials with timeless design, ethical craftsmanship, and a relentless commitment to quality. Our minimalist silhouettes and refined detailing are made for men who value subtle elegance — those who understand that true luxury lies in simplicity, sustainability, and the stories behind what we wear. By choosing KHAM, you invest in more than just underwear — you support organic farming, fair labor practices, and a cleaner planet. We believe feeling good starts with doing good, and that sophistication doesn't compromise on ethics.

This is not fast fashion.

This is KHAM — the understated luxury of nature's finest cotton, tailored for men of purpose.

Experience the difference. Feel the future of underwear.

Our company offers variety of products which can meet your multifarious demands. We adhere to the management principles of "quality first, customer first and credit-based" since the establishment of the company and always do our best to satisfy potential needs of our customers. Our company is sincerely willing to cooperate with enterprises from all over the world in order to realize a win-win situation since the trend of economic globalization has developed with an irresistible force. We mainly produce hoodies, sweatshirts, t-shirts, jackets, coats, tanks, vests, shorts, pants, and shorts. To provide a one-stop product supply chain service for the design and production of trendy men's & unisex clothing, we have a printing and clothing factory and a clothing development and design team to create a multi style, small batch business model. Our Company, FINERY, is familiar with the material quality and process style of high quality products, owns high cost performance advantage. Our Company, FINERY, attracts the favor of many first-tier brands, and hand over the product supply chain to FINERY.

With 15 years of expertise, YOYA is a leading OEM/ODM sportswear factory based in Quanzhou, China, specializing in high-performance apparel. We provide end-to-end services: fabric sourcing (breathable mesh, recycled materials), custom design (logo printing, color matching, private labeling), and full production (cutting, sewing, quality control).

Equipped with advanced machines (e.g., automatic cutting, seamless stitching), we ensure precision and durability. Our sportswear undergoes strict QC: fabric strength tests, stitch inspections, and wash-fastness checks to meet international standards (BSCI, OEKO-TEX®, GRS).

MOQ starts at 500pcs, with flexible production(5,000–50,000pcs/month) and 45-day lead time. Committed to quality, efficiency, and ethical manufacturing, we partner with global brands to deliver premium sportswear. Contact us for samples and collaboration!

""Jacquard's Hidden Charm, Love at First Wear"" – Luxurywhale Brand Jacquard Women's Collection Launch

When machine precision resonates with artisanal care, every inch of fabric blooms with a unique texture. Our jacquard women's collection uses exquisite jacquard craftsmanship as a ""brush"", blending natural textures, retro patterns and modern tailoring. Here, fabric is more than just a carrier – it becomes a flowing symbol of aesthetics.

Every piece of our jacquard clothing goes through multiple meticulous processes – from pattern design and fabric weaving to pattern cutting and detailed stitching. We do this to ensure that when you put it on, you not only feel the skin-friendly comfort of the fabric but also showcase your unique elegant taste. We don't chase fleeting trends; we create timeless pieces that stand the test of time, letting jacquard patterns become classic marks in your wardrobe.
